

*Invited Speakers of
2nd International WANA Congress*

Dr. Rajwali Khan

Assistant Professor,
Khyber Pakhtunkhwa Agricultural University,
Peshawar,
Pakistan

Title:

Embryo Transfer Technology in Bovine

Dr. Ayman Al Haj Zen

Assistant Professor, College of Health and Life Sciences
Hamad Bin Khalifa University
Education City,
Qatar

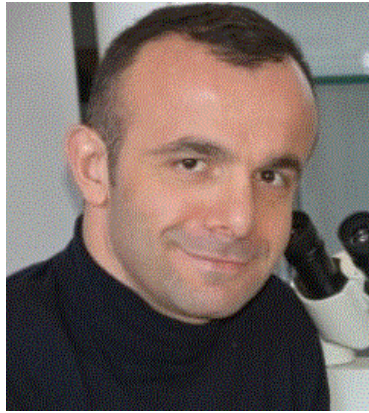

Dr. Asma Gul

Deputy Dean,
Faculty of Sciences,
Department of Biological Sciences,
International Islamic University of Islamabad,
Pakistan

Title:

*Psychological Stress Manipulates Stretch-induced Piezo-1
Signaling: A Gateway to Cancer Progression*

Dr. Mustafa Numan Bucak

Faculty of Veterinary Medicine Theriogenology,
Selcuk University,
Turkey

Title:

Embryo Transfer Technology in Bovine

Dr. Irfan Khan,

Dr. Panjwani Center for Molecular Medicine and Drug
Research,
International Center for Chemical and Biological Sciences
University of Karachi,
Pakistan

Title:

*Bioinformatics Analysis and The Association of
Polymorphisms within the Caprine GDF9 Gene Promoter with
Economically Useful Traits in Damani Goats*

Dr. Kamran Azim

Department of Biosciences,
Mohammad Ali Jinnah University,
Pakistan

Title:

*Application of modern DNA sequencing technologies in
medicine and biotechnology*

Dr. Asmat Salim

Dr. Panjwani Center for Molecular Medicine and Drug Research,
International Center for Chemical and Biological Sciences
University of Karachi,
Pakistan

Title:

*Tissue Engineering Strategies for Enhancing Cardiac
Regeneration of Marrow-derived Mesenchymal Stem Cells*

Dr. Sulaiman Al-Hashmi

Assistant Professor, Head, Stem Cell Research and
Regenerative Medicine, University of Nizwa,
Oman

Title:

*3-O-Acetyl-Beta-Boswellic Acid Loaded Scaffold for Skin
Tissue Engineering*
